*Conclusion*

Claims 19-22, 25, per the recommendation of the examiner, having been rewritten such that these claims now exist in independent form, increases the total number of 5 independent claims in the application by three additional claims. Therefore, the applicant concurrent to this facsimile transmittal has paid the fee defined in 37 C.F.R 1.16(b) for a small entity defined by 37 C.F.R. 1.27(a) for the additional independent claims. Since the examiner has indicated allowable subject matter, the applicant may subsequently request an international-type search report under 37 C.F.R. 1.104(a)(4). The applicant 10 can be reached at (949) 457-0751 from 9am-10:30 am EDT Monday through Friday, or else a voice mail or facsimile message may be left at that telephone number at any time. The applicant's email address is: gizara@cox.net and is a preferred means of communication.
